**All planting requests will be evaluated by The City Arborist and prioritized based on need and availability.**

**Planting Area Characteristics:**

Utilities: Are there overhead wires above planting site? If there are, you shall only be allowed to request an ornamental tree or smaller shade tree.

Fire Hydrant: Tree shall not be planted within 5 feet of hydrant.

Light Pole: Tree shall not be planted within 10 feet of street light pole.

Stop Sign: Tree shall not be planted within 30 feet of a stop sign.

Corner Lots: Tree(s) will not be installed if there could be a possible obstruction issue.

Other Plant Material: Trees shall not be planted if the new tree will interfere with existing tree in parkway or private property.

**Tree Species Selection:**

Selection of Tree: City Arborist will determine species selection.

**Location Preference:**

Please draw the street, (or streets if you live on a corner), sidewalk, existing trees, and any other landmarks or distinguishing features that will help us to place the new tree where you would prefer. **Final tree location will depend on existing underground utilities, traffic signs/lights, surrounding vegetation and previous stump sites. Please indicate North, South, East, West.**

**Agreement and Instructions For Tree Care**

By signing this application, I, the homeowner, understand that it is **my responsibility** to water the tree for at **least 5 minutes every other day**. The tree will not be replaced if it dies due to not watering it.
