ADDENDUM NO. 2 TO
CITY OF JOLIET
REQUEST FOR QUALIFICATIONS

PROJECT NO. 2715-1023

PROJECT NAME: ALTERNATIVE WATER SOURCE PROGRAM – CONSTRUCTION MANAGEMENT AT-RISK SERVICES FOR CHICAGO CONNECTION FACILITIES

This Addendum No. 2 provides modifications to the Request for Qualifications (RFQ) for Project No. 2715-1023 as well as responses to additional questions received as of Thursday April 20, 2023.

The modifications to the RFQ language are presented below in the following format:

- Deletions to the RFQ text are indicated by strikethrough (e.g., ~~deleted text~~)
- Additions to the RFQ text are indicated by bold, underlined text (e.g., **added text**).

1. The fourth paragraph under the heading "VI REQUIRED INFORMATION, F. Complex Project Experience" on page 19 of the RFQ is modified to read as follows:

   For each project describe the construction management and/or general contracting services provided on the project, the original forecast completion date and actual completion date and reason(s) for any variances; the ~~original budget/GMP/~~Contract Amount and actual cost of project at completion and reason(s) for any variances; the number of change orders and aggregate amount of change orders beyond specifically identified allowances; the amount of ~~construction manager~~ contingency **(Owner controlled)** included in the ~~GMP/~~Contract Amount and amount remaining at project completion; and reference contact information from each project owner/developer and engineer of record.

2. Exhibit C on page 48 of the RFQ is modified to read as follows:

Exhibit A – Key Project Information Sheet
For each project submitted as representative of Respondent's Construction Management At-Risk experience or Complex Project experience, provide the following information:

	~~Diversity Manager:~~	_____
	~~Lead Contract Administrator:~~	_____
	~~Others:~~	_____
		_____
		_____
		_____
		_____
		_____

RESPONSES TO ADDITIONAL QUESTIONS RECEIVED AS OF APRIL 20, 2023
CITY OF JOLIET
REQUEST FOR QUALIFICATIONS

PROJECT NO. 2715-1023

PROJECT NAME: ALTERNATIVE WATER SOURCE PROGRAM – CONSTRUCTION MANAGEMENT AT-RISK SERVICES FOR CHICAGO CONNECTION FACILITIES

Q1: Exhibit C – Key Project Information Sheet requires Respondent to provide names for positions on reference projects that are not the same as Key Personnel position required to be provided for this project. Please modify Exhibit C to require Respondent to list only Key Personnel positions required to be provided with this SOQ.

A1: For Reference Projects, Key Personnel who are also proposed for the Chicago Connection Facilities shall be identified and their role on the Reference Project shall be provided. Exhibit C has been revised in Addendum 2.

Q2: In Section F - Complex Project Experience. The 4th paragraph language specifically references CMAR specific project information. As the listed projects for Complex Project Experience are not required to be CMAR contract models, please strike this language or clarify how Respondent should address these items if the contract model for the referenced project is not a CMAR.

A2: The text has been revised by Addendum 2.
